## **NEWS RELEASE – FOR IMMEDIATE RELEASE**

### **Easy-to-Use Infrared Analyzers Help Ensure Accurate Biodiesel Blend through Distribution Pipeline**

East Norwalk, CT -- A major petroleum terminal in Fall, 2009 began successfully transporting blended biodiesel through a distribution pipeline. Extensive tests on the biodiesel blend were conducted at the beginning and end of the pipeline to ensure the biodiesel met blend specifications. The instruments used for the testing were an InfraSpec VFA-IR Spectrometer and an InfraCal Biodiesel Blend Analyzer, both manufactured by Wilks Enterprise, Inc.

The InfraSpec VFA-IR Spectrometer and InfraCal Biodiesel Blend Analyzer provide accurate blend ratio measurements. They are rugged, compact, portable instruments that are easy to use by non-technical personnel. Both instruments provide a direct readout in % biodiesel giving the user the capability to measure the blend ratio on-site -- at a fuel loading rack, in a laboratory, or from a pump at a fueling station – in less than one minute.

For further information on the InfraCal Biodiesel Blend Analyzer for measuring blend ratio, please contact: Wilks Enterprise, Inc., 25 Van Zant Street, Ste. 8F, E. Norwalk, CT 06855 USA, TEL: 203-855-9136, FAX: 203-838-9868, Email: [srintoul@wilksir.com](mailto:srintoul@wilksir.com), Web Site -- [www.wilksir.com](http://www.wilksir.com).

#### **About Wilks Enterprise, Inc.**

Headquartered in E. Norwalk, Connecticut, Wilks Enterprise specializes in easy-to-use, portable mid-infrared analyzers for specific measurement applications. All Wilks analyzers have been specifically designed for on-site use by non-technical personnel and are used for a wide variety of applications in the biofuels, environmental, petrochemical, quality control, and manufacturing industries. These portable analyzers enable analytical measurements to be made in the field, helping to eliminate the wait for off-site lab results.

For further press information or images, please contact Carol Tunick, VP – Marketing, at 203-855-9136 or email: [ctunick@wilksir.com](mailto:ctunick@wilksir.com).
